INTRODUCTION AND PURPOSE OF THE TOOLKIT

Specifically developed with student organizations in mind but applicable to all members of the University of Miami community, the Student Affairs Campus Marketing Toolkit seeks to consolidate the wide variety of policies, deadlines, departmental owners and design specifications of most – if not all – commonly used channels for publicizing campus programs, services and other initiatives. A web-based version of the toolkit is available at miami.edu/toolkit.

The Division of Student Affairs strives to keep this toolkit as current as possible. Please submit any additions or corrections to Student Affairs Communications and Marketing at sacomms@miami.edu.
DEVELOPING A COMMUNICATION/MARKETING PLAN

A communication/marketing plan allows members of an organization to identify all of the steps needed to successfully promote a program, service or initiative to their target audience. A well-developed plan enables an organization to set deadlines to complete the many tasks needed to execute their communication/marketing campaign.

A communication/marketing campaign is a collection of distributed messages to a target audience in order to achieve a desired goal within a specific timeframe. Use these worksheets to plan out a campaign to promote your organization’s event, service or other initiative.

This checklist is for general planning purposes only; be sure to consult specific departments and any vendors you are working with to ensure that your materials are prepared on time.

Communication/Marketing Plan Worksheet

1. Set the foundation
   a. What is your organization’s mission? Its values?
   b. How can you infuse these into your campaign?

2. Set campaign goals
   a. What are the tangible things you want your audience to do as a result of this campaign?
      i. Examples: 100 students attend our event; raise $3,000 in donations
   b. What are the communication/marketing goals of the campaign?
      i. Examples: increase social media followers by 10%; get 250 video views

3. Identify your target audience
   a. Be as specific as possible. What types of “students” are you trying to engage with your campaign?
   b. If targeting the entire University community, break into smaller sub-groups

4. Conduct a “SWOT Analysis” to understand your current setting
   a. Identify strengths: internal elements of your organization that you can use to enhance the success of the campaign
   b. Identify weaknesses: internal elements of your organization that will hurt the success of the campaign
   c. Identify opportunities: external elements from your organization that you should capitalize on to add to the success of your campaign
   d. Identify threats: external elements from your organization that you should avoid (or at least be aware of) to minimize damage to your campaign’s success
5. Identify clear outcomes of your campaign (based on goals in Step 2)
   a. **Information**: what does your target audience need to **know**
   b. **Attitudes**: how do you want your target audience to **feel/think**
   c. **Behaviors**: what do you want your target audience to **do**

6. Write key messages and identify primary designs
   a. Strategic messages and purposeful images/design styles that will connect with your target audiences (Step 3) and achieve your desired outcomes (Step 5)

7. Write a positioning statement
   a. A positioning statement is an “elevator pitch” that summarizes your key messaging into one or two simple sentences. This statement allows all members of your organization to remain focused on the key elements of the campaign.

8. List all of your campaign outputs
   a. Also known as “deliverables” or “collateral,” list all of the communications/marketing pieces that will make up your campaign. This includes printed materials, social media posts, digital screen images, etc.
   b. Refer to “University-Wide Channels for Promotion” for all University-approved methods of communicating with the University community

9. Develop a timeline
   a. Refer to the Sample Planning Timeline to plan your work
   b. Also develop a timeline for the campaign itself, noting when you will distribute the outputs identified in Step 8

<table>
<thead>
<tr>

<th>Submission Deadline</th>
<th>Dates Output is Live</th>

Best Practices in Social Media

Create a Mix of Content
https://contentmarketinginstitute.com/2011/02/content-mix/

An effective social media content plan includes content with varied purposes to keep an audience engaged. Over-relying on links to articles can quickly bore your audience. However, only posting funny videos can quickly turn your social media into a source of entertainment rather than a valuable resource to help your organization achieve its goals. Visit the link above to learn more about the content mix.

UNIVERSITY-WIDE CHANNELS FOR PROMOTION

Before submitting content, please review specific information (including policies) for each channel listed below.

Engage (Student Organizations Only)

Student organizations are encouraged to add their events to the Engage events calendar. View the tip sheet available on the Engage website for more information.

Tip Sheet: https://engagesupport.campuslabs.com/hc/en-us/articles/204033924

Engage recommends an image that is 1024 x 600 px or larger, under 10MB, and of one of the mentioned formats (JPG, JPEG, GIF, or PNG). The image will run through an image re-sizer, so using the largest image possible will lead to better results. If you choose not to upload a photo, a default photo will be chosen for you based on the theme of your event. Since this photo will be displayed alongside the event’s details (name, date, time, location), it is best to choose a cover photo that is simply an image without text.

University Events Calendar (events.miami.edu)

This centralized calendar allows users to view and filter all University events in one place. Student organization events that are listed in Engage will automatically appear on the University Events Calendar within 24-48 hours of appearing on Engage.

If necessary, student organizations can manually add events to the calendar to create more robust event listing pages. Tip Sheet: https://conferences.miami.edu/_assets/pdf/localist-student-guide.pdf

Event images should be created at 478X320, which will be automatically adjusted for various layouts on the calendar site. Since this photo will be displayed alongside the event’s details (name, date, time, location), it is best to choose a cover photo that is simply an image without text.

**Always Up-to-Date Guide to Social Media Image Sizes**

Visit the link above to view a website with updated sizes for popular social media sites.
File Types

Raster Files

Raster Images are composed of pixels and have a fixed resolution.

- **PSD (.psd)** - layered Adobe Photoshop document; use for retouching, editing and creating digital images
- **JPEG (.jpg)** - use for online and print photos and artwork. JPEGS do not save transparency, resulting in a white box around non-square images
- **PNG (.png)** - use when you need transparent web graphics that do not have a white background box
- **GIF (.gif)** - use for web animation (saves transparency)

Vector Files

Vectors are dependent on the equations of dots, lines and shapes and can be scaled to any size. **Most promotional product companies require vector files.**

- **AI (.ai)** - Adobe Illustrator file; use for creating and editing full vector designs
- **PDF (.pdf)** - use for printing and displaying documents on the web. PDFs can store vector information, but not all PDFs are in vector format. Open the file in Illustrator to confirm the use of editable shapes.
- **EPS (.eps)** - use for individual vector elements like logos. Not all EPS files are in vector format. Open the file in Illustrator to confirm the use of editable shapes.

Color

Create a cohesive color scheme for your organization using a monochromatic, analogous, complementary, triad, or compound color palette. Use [color.adobe.com](http://color.adobe.com) for help in creating a color palette.

Especially when using Adobe design software, use a CMYK color profile (or “color mode”) for printed and promotional items and RGB for web/digital files.
Appropriate Use of University Logo and Colors

The [University of Miami Visual Identity Manual](https://ucomm.miami.edu/tools-and-resources/visual-identity/signatures/index.html) provides specific guidelines and standards for the system in all forms of University communication. Adherence to these guidelines is vital for the University to be represented in a uniform and consistent fashion.

**Official University Logos (also known as Signatures):**

- Never use the University seal without first consulting University Communications

**Unacceptable Alterations**

Guidelines for acceptable treatment of the split U are found throughout the [Visual Identity Manual](https://ucomm.miami.edu/tools-and-resources/visual-identity/signatures/index.html). The University of Miami signatures should be reproduced using only the files provided by the University. Several examples of unacceptable variations are shown below. This list is not exhaustive.
Use of Various Signatures

This matrix lists a variety of common communication applications and identifies the most appropriate graphic element for each item. While this matrix does not provide an exhaustive list of possible branded communications, it is meant to provide direction for most types of applications.

Co-Sponsorship Logos on Materials

When recognizing event sponsors on print or digital materials, multiple split-U marks should never appear on a piece. Since placing multiple split-U’s on a piece weakens the holistic brand of the University, logos of multiple University departments should never appear on materials. Instead, type out the names of the units/organizations in whatever fonts, colors, etc. work for your design.

If you want to add a split-U to your design to identify it as a University of Miami event, please use only official University marks and never just a standalone split-U. The “signatures” available from University Communications are the only University-level approved marks that can be used.

Contact Student Affairs Communications and Marketing at sacomms@miami.edu if you need assistance in this area.
University of Miami Colors

The primary colors for the University of Miami are Miami Green and Miami Orange.

The supplementary color palette included below is provided as an aid to designing print and web communications that reflect the University of Miami’s brand in tone and style through consistent use of color. Color formulas are available in the Visual Identity Manual.
Access to University Photo Libraries

Student organizations can access these libraries for photographs to be used in designs and on social media:

- [www.jennyabreu.com/University-of-Miami-Events](http://www.jennyabreu.com/University-of-Miami-Events)
- [univmiami.photoshelter.com/index](http://univmiami.photoshelter.com/index)
  - Download password: coralgables

*Note: student organizations are not required to credit the photographers from these sites if photos are being used for University purposes (i.e. poster for a student organization event).*

Working with Vendors for Print and Promotional Items

In general, the steps to order a promotional item (including apparel) is as follows:

1. Brainstorm product ideas and what you would like to print on them
   a. Artwork involving University branding (i.e. the split-U) will be reviewed by University Communications ([umcommunications@miami.edu](mailto:umcommunications@miami.edu))
2. Send product selections and designs to vendors to receive quotes
   a. In your e-mail be sure to include
      i. The quantity of items you would like to order
      ii. The date by which you need the items delivered to you
      iii. Approximate price you are willing to pay per item
   b. Prices for promotional items can vary widely depending upon the number of colors used in your design, so ask for multiple pricing options.
   c. Artwork for use on promo products should always be created in vector format, typically in Adobe Illustrator. Many vendors can help you with this, but may charge additional “art fees”
3. Work with your advisor to submit the final quote to University Purchasing so that a Purchase Order can be generated to the vendor – no promotional items can be ordered without first having a PO issued (unless you are paying with a University Purchasing Card)
4. Approve the proof from the vendor and await shipment information

Refer to the Planning Timeline for ordering promotional items.

About Colors for Promotional Items

The price of promotional products is highly dependent on the number of colors used. The most budget-friendly designs are printed in one solid color because printing additional colors typically increases costs. Thus, it is best practice to use the least amount of colors possible (or even a one-color design) to minimize the cost of your order.

RELEVANT UNIVERSITY POLICIES

All members of the University of Miami community are subject to a variety of policies related to marketing and communications. The policies listed below apply predominantly to student organizations but may be applicable to campus departments/units as well.

Copyright and Fair Use Guidelines

The Fair Use provision, established in the Copyright Act of 1976, is designed to allow the limited use of copyrighted works for the purpose of criticism, comment, teaching, scholarship and research. It allows limited reproduction of copyrighted works for educational and research purposes without prior authorization of the copyright holder and without paying royalty fees. Refer to the Copyright Information/Fair Use Guidelines resource page listed on the University of Miami Libraries website for more details.

From the Student Organization Handbook

Publicity and Promotion

There are countless digital and print mediums through which student organizations can promote their programs and services. All approved advertising must be displayed, distributed or placed in approved locations on campus. Advertising placed in inappropriate areas (sidewalks, trees, doors, bathroom stalls, windows) will be removed immediately. Advertising on campus is a right, not a privilege. The Vice President for Financial Operations or his/her designee has complete discretion to permit or disallow any type of advertising. Approval may be withdrawn at any time.

Students may not distribute advertisements or leaflets on behalf of an outside company without the permission of the Student Center Complex Reservations Office or the Office of Financial Operations. Any person not enrolled in the university or any entity not affiliated with the university is prohibited from advertising or soliciting on campus. Violators are subject to legal action.

Approval of advertising by the Department of Student Activities & Student Organizations or the Office of Financial Operations does not in any manner indicate endorsement, approval or support by the University of the advertised event, entity or establishment. The University assumes no liability for advertised events, entities or establishments.
Social Media

Many student organizations have “official” Facebook, Twitter, and/or Instagram accounts. Organizations should maintain a professional demeanor online, and should strive to provide relevant and informative content to followers. Pictures, posts, and other content represent both the poster and the entire organization.

All students and organizations are responsible for postings on the internet and/or social networking sites. Prohibited usage of internet/social networking sites may include:

- Stalking, harassing, or threatening another person or group;
- Creating language on a social network that is hateful, threatening, vulgar, or derogatory;
- Displaying or being displayed in an activity that violates federal, state, or local law and/or any regulation outlined in the University of Miami Student Rights and Responsibilities.

For a listing of key social media sites from across the university, visit news.miami.edu/social/index.html.

Flyers/Posters

Flyers in campus buildings are put up and taken down at the discretion of the administration of those buildings.

Student Center Complex

- Organizations must get permission from the UC Information Desk before the flyer can be hung up within any space within the Student Center Complex. Only the UC Information Desk staff will hang up flyers, and only one flyer per event may be hung at a time.

Housing and Residential Life

- Flyers, posters, etc. are not accepted for display within any residential facility.

Patti and Allan Herbert Wellness Center

- Flyers, posters, etc. are not accepted for display at the Herbert Wellness Center.

Dining Locations (ex. Dining Halls, Foodcourt)

- Flyers, posters, etc. are not accepted for display within dining locations. See section about Digital Signage.

## Rooms Often Misnamed/Misspelled

**Grand Ballroom**
- If you want to add the exact one then Grand Ballroom, East. We are trying to get away from East, West, Center because it tends to add to location confusion and as soon as you get to the Grand Ballroom you can tell which one has the event you are attending.

**Activities Room**
- If you are using the “combined space” it is just Activities Room adding the word “combined” wastes space and does not help with location finding as there is no room named as such.

**StormSurge**
- One-word and two capital “s.”

**Lakeview Lounge**
- The area in front of Grand Ballroom, formerly named Pre-Function Area.

## Meeting Rooms in the UC:

- StormSurge: Inside Foodcourt
- Biscayne 1220: Between to the Office of Admission and University Registrar
- 2300-H: 2nd Floor
- 2300-J: 2nd Floor
